### Special Highlights - Lives You've Helped Change

#### "Alone After a Second Stroke" K449

After a second stroke in March 2025, Rosman was left paralyzed and unable to recognize anyone. Abandoned by family, he remains in Ampang Hospital under a friend's care.

While waiting for JKM placement, he receives only diaper aid. If space runs out, he'll be moved to Tanjung Karang. SPK is working to secure proper care and shelter for him.

#### "From Pain to Perseverance" K114

Mohd Nor Ikhrum, an OKU living in PPR Beringin, faces daily struggles with strength and faith. SPK supports him with monthly food aid, adult diapers, Nisstex, and free Quran and dakwah classes. His dedication earned him the Bintang Ahli SPK 2024 award and RM500 cash.

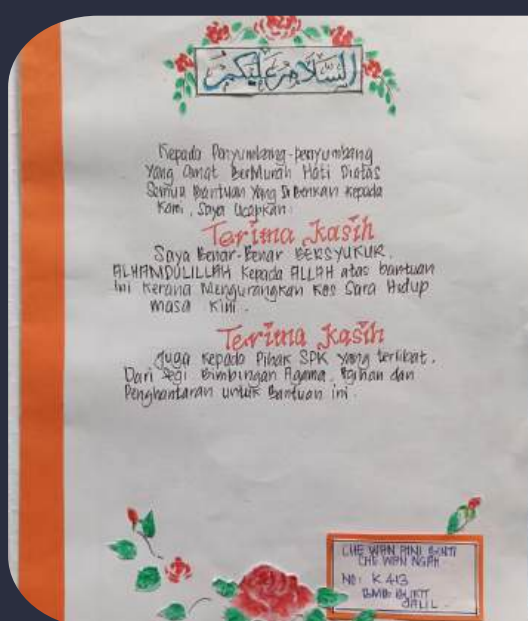

Now, he's undergoing five sessions of Yumeiho therapy to ease his condition — a journey SPK continues to walk with him.

#### "A Son's New Struggle" K095

Norhafizah's son was recently diagnosed as permanently disabled and now relies on a walking stick. SPK stands by them, offering support as they adjust to this new and challenging chapter.
