Special Highlights - Lives You've Helped Change

"Holding the Family Together" K161

Rosmah, a KAFA teacher, supports her sick husband and four children on a limited income. Her husband, a former lorry driver, suffers from liver issues, diabetes, and severe swelling, relying on medication just to relieve himself.

With only a small income, plus limited aid from Perkeso and Zakat, the family struggles. One daughter became a caregiver after graduation, while another is still healing from a tragic accident that took her husband's life a day after their wedding.

SPK provides monthly aid to help lighten their burden.

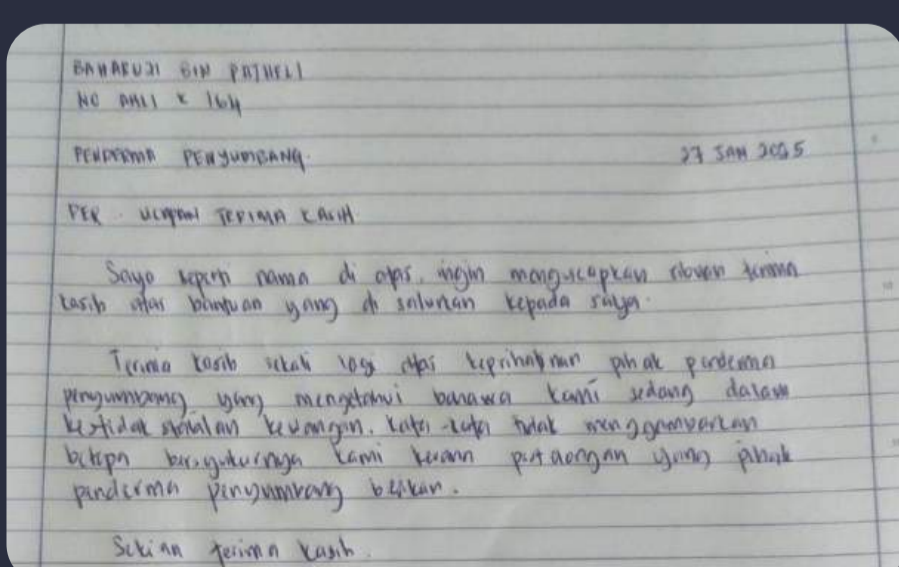

"Strength in the Silence" K353

Hamidah, a single mother of five aged between 2 and 12, faces daily hardship without a stable income. Her fourth child suffers from seizures, and the youngest is frequently ill.

She has been jobless since her divorce in 2023 (shortly after giving birth) due to an abusive, unfaithful husband. In 2024, her youngest was infected with bacteria that spread to the brain.

Now relying on Zakat and SPK, Hamidah often struggles with food shortages while waiting for JKM approval. SPK supports her with monthly aid to help ease her burden during this difficult time.

To the Kind Donors, Words of Appreciation

I, as mentioned above (Baharui, K164), would like to express my deepest thanks for the assistance that has been extended to me.

Thank you once again for your concern and generosity upon knowing that we are currently facing financial instability. Words cannot express how truly grateful we are for the help you have given. Thank you.

Jazakumullahu khairan, thanks to you and our generous community, Skuad Prihatin Kemiskinan served over hundreds of families and individuals in March alone.

May Allah reward you abundantly, Ameen.
