Urgent Cases - Lives You've Helped Ease

"A father with skills, a family in need"

K208

Battling diabetes and chronic asthma, Mohammad Fauzan lost his little toe after a ship anchor injury left a deep leg wound.

With three young children, including a 2-year-old with seizures, he cannot work and relies on his wife's part-time cooking income. SPK supports him with monthly food aid and diabetic wound treatment at Klinik Dr Noor, Sungai Buloh.

"A father's fight for his family"

K020

Stage 4 brain cancer patient Zainal Md Nayan supports a family facing multiple health challenges; his wife's heart disease, diabetes, and hypertension, plus two OKU children.

After hospital treatments failed, he turned to alternative therapies. Aid from SPK, Zakat, and JKM helps cover food, rent, and essential needs.

"Living with a rare disease"

K381

Since 2019, Mohd Nor Ikhrum has lived with spinocerebellar ataxia type 3, a rare genetic disorder affecting the nervous system. Once an active Takaful Ikhlas insurance agent, he now supports his wife and four children, aged 4 to 11, through partial commissions and aid from Baitulmal and JKM. SPK has helped with nerve treatments, Yomeiho therapy, alternative medication, a PUPSK ice cream dropship opportunity, and monthly essentials like food and diapers.
