

MAY 2026

May 2026 was a generosity and care. Through your continued support, families in need received essential aid to sustain the family for the month. Your kindness brought comfort, dignity, and joy into their homes. What may have been a difficult month for many became a month filled with relief, gratitude, and hope.

Program Usahawan SPK (PUSPK)

Program Usahawan SPK, or PUSPK, supports SPK recipients who are interested in starting or strengthening small income-generating activities. This month, registration was opened to selected members who had shown interest, allowing the team to better understand their skills, business ideas and the support needed to help them progress towards greater independence.

One of the recipients supported through PUSPK is Arlinawati Mahadi, who earns around RM300 a month selling kuih while caring for her three young children. As she lacked a suitable workspace, SPK provided a kitchen cabinet and stainless-steel preparation table, creating a cleaner and more organised area for her business. With practical support and the right tools, recipients like Arlinawati can grow their income and build greater stability for their families.
